DIES SEES END OF PROPE NEAR DUE TO SHORTAGE OF FUNDS

DECLARES ADMINISTRATION HOSTILE TO UNAMERICAN INVESTIGATION

WASHINGTON, Nov. 1.—(AP)—Chairman Dies (D-Tex) said today the house committee on un-American activities may have to end its hearings soon because its \$25,000 expense fund is running low.

Since President Roosevelt and members of his administration have taken some verbal digs at the committee, Dies was none too hopeful of getting more cash after congress meets in January. The \$25,000 would have gone farther, the chairman indicated in a radio address last night, had government departments supplied lawyer, investigators, stenographers and clerks in accordance with the house resolution ordering the investigation.

He said, however, that appeals to the justice and labor departments, the WPA, and finally to the President had brought no result.

In fact he added, Secretary Perkins and Secretary of Interior Ickes joined "certain radical writers" in a campaign "to discredit the committee by ridicule and misrepresentation."

The arrangement of the democratic national committee, Paul Y. Anderson, Washington corre-

Giant Flying Boat Stands Up Well To Tests

SEATTLE, Nov. 1.—(AP)—Pan American Airways officials said today the flying boat built by the company for the Boeing Clipper, the huge flying boat would have half a dozen new world records in her log.

The ship, the B-314, will be turned over to the civil aviation authority in a day or so for first government tests preliminary to receiving certification for trans-oceanic passenger services.

During test flights by a crew of 10, aided by 40 engineers on the ground, the clipper has covered 5,000 miles of actual flying, 450 miles of taxiing tests and 80 takeoffs and landings in the past three months.

With a factory-test operating weight of 44,500 pounds she has carried loads which brought her gross to 82,500 pounds.

Although she has four 1,500 horsepower motors, the engines have never opened them up above 1,380 horsepower for take-offs and at that the tips of the 14-foot propellers travelled 1,200 a second—approximately the speed of sound.

Spontaneous of the St. Louis Star-Times, followed Dies on the air. Anderson said he had seen some "slipshod" and "shockingly unfair" congressional investigations, but declared that had approached the Dies committee's hearings in either of those respects.

Anderson said the committee used an extraordinary procedure of "testimony" for political effect, "regardless of the damage the truth suffers in the process."

Dies contended on the other hand, that every person or organization against whom charges were made in hearings had an invitation to appear before the committee.

North Corsicana Missionary Society In Session Tuesday

The home of Mrs. J. W. Shivers was a place of many happy faces Tuesday afternoon when the North Corsicana Women's Missionary Society met. It being the regular social day, Mrs. A. Pope conducted the program. It was the regular program, which was a peace program, which was very fitting at this time.

Mrs. Pope conducted the lesson in a very interesting and instructive manner. She was assisted by Mrs. H. B. Clark, Mrs. Odus Lewis, Mrs. Dodson and Mrs. Hall.

After a brief business session, Mrs. Gray invited the ladies to the dining room where the table was laid in a snow white lace cloth, centered with a colorful bouquet arranged in a low pottery bowl. Mrs. H. L. Hervey poured the tea, Mrs. H. B. Clark served the guests to as delectable luncheon as you could imagine.

Later Mrs. Clark was surprised with a basket of lovely practical gifts. These were a slight token of appreciation of the W. M. S. to Mrs. Clark for her faithful service and untiring efforts the last four years as a member of our society. Mrs. Clark was made quite happy by this manifestation of our love and appreciation and thanked all from the depths of her heart for the same.

After the occasion was over, Mrs. Shivers was congratulated for the pleasant evening spent in her home by the following ladies: Mesdames H. B. Clark, W. M. Rogers, Mary Gammit, Robert Joyner, S. A. Pope, William Marney, Clyde Gray Odus Lewis, Emil Koehn, E. A. Keller, J. E. Dodson, William Shivers, J. L. Hervey, Bettie Barlow, William Cole and Mrs. Hall.

Guests were Mrs. G. W. Burnett, Mrs. J. W. Shivers, Sr., Mrs. Alton Burnett and little daughter—Reporter.

Mr. Adams is of McAdoo and a son of Mr. and Mrs. Ben Adams of Drane.

Mrs. Adams is the daughter of Mr. and Mrs. J. F. Roe of Drane and is a graduate of the Bryan high school class of 1935.—Contributed.

COLORED BENEFIT GAME TIGER FELD FRIDAY EVENING

CORSICANA TIGERS TO MEET FAVORED CORPUS CHRISTI BUCCANEERS

All Corsicana high school football teams will be in action this week-end.

The only tussle to be staged in Corsicana, however, is the benefit charity melee between Corsicana and Temple colored gridsters Friday night on Tiger field under the sponsorship of the Corsicana Lions Club.

Elaborate plans have been made by the Lions and an intensive ticket-selling campaign is under way, according to officials of that organization.

The Corsicana Tigers will make the longest jaunt on their 1938 schedule when they invade Corpus Christi Friday night for a non-conference tussle with the sensational and big Buccaneers.

Reports reaching here are to the effect that the Buccaneers will be as large, if not larger, than Vaco. The outcome of the game will not have any bearing on the standings of either combination.

Corpus Christi will be the decided favorite on this occasion. The Buccaneers early this year played the Temple Wildcats to a scoreless tie. This is the only mark on the 1938 record of the Coast lads.

Class B. Features I.O.O.F. Home Lynx and State Home Lads, present leaders of the percentage column of the District 18-B race with a couple of wins each, go on the road in district battles this week-end.

The Odd Fellows, not at all pleased with their scoreless tie played against the Kerens Bobcats, go to Teague to meet the Lions in a district game.

The Lynx will be favorites to cop the game, but only after a torrid fight with the Teague squad.

State Home Lads will encounter plenty of opposition in their invasion of Groesbeck Friday night. The Lads were nosed out, 7-6, by the Odessa Growlers.

The Limestone capital boys have shown considerable improvement. State Home will be forced to be at tip-top shape if they plan to keep their district slate clean this week-end.

Corsicana Junior High Panthers are slated to invade Streetman Thursday afternoon. Streetman is playing both eleven man and six man football this year and it appears on the strength shown thus far this season the Panthers again will be on the losing side according to advance dope.

Tupelo Young People In Regular Session On Sunday Evening

The Tupelo young people held their regular meeting Sunday evening. After the worship program and a short business session, the leaders all went to the home of Mr. M. C. Bunn.

Following an enjoyable hour of talking and laughing, we were invited into the dining room, where we were served delicious refreshments of apples, muffins, and punch.

Saturday night Elizabeth Mullin, assisted by her sister, Mrs. John Norwood, entertained the young people with a Halloween party.

Next Friday night, November 4th, the league members will help the League Missionary Society in having a Hallowe'en supper.

The young people will furnish the entertainment, which will consist of stunts and songs, and the women will have charge of selling the eatables and refreshments, such as pop corn, candy, pies, and hot chocolate. All are invited to come and have a good time with us.

The following program has been arranged for Sunday night: Leader—Helen Lockhart. Subject—America, a Good Neighbor.

1. Quiet Music: Corinne Williams. 2. Hymn: "America, The Beautiful"—John Norwood. 3. Scripture: Psalm 98—Glyn.

4. Introduction by leader. 5. Talks "Being a Good Neighbor"—Lena Mae Blackwell. 6. Talk: "Can There Be a Christian Foreign Policy"—Richard Burdine.

7. Poem: "Who Fear to Speak"—Mrs. John Norwood. 8. Scripture: Luke 12:11-12—Lena Mae Blackwell. 9. Hymn: "Just As I Am"—John Norwood. 10. Closing Prayer—Elizabeth Mullin.

Come to our supper Friday and to League Sunday night and bring your friends with you.—Reporter.

Mrs. Jack Franks Of Blooming Grove Corsicana Visitor

Mrs. Jack Franks of Blooming Grove was the guest of Mr. and Mrs. W. P. McCammon Wednesday for the day and night. Mrs. McCammon had her sister's guest at the Kinlos House membership luncheon Wednesday noon, and in the evening she was Mr. and Mrs. McCammon's guest.

The bishop's banquet at the First Methodist educational building, given by the Corsicana district, honoring Bishop Ivan Lee Holt, new presiding bishop of Central Texas conference.

Schedule Air Show Sunday Afternoon

Seabourne Brothers will bring their air and ground show to Corsicana Sunday afternoon, November 6, according to announcement Thursday. The performance will be staged on the C. C. McCullough farm, one mile north of Corsicana on Highway 75.

Included in the group of performers will be three pilots and two parachute jumpers.

BARRY HI SCHOOL HALLOWEEN CARNIVAL IS GREAT SUCCESS

At the Barry High school gym on Oct. 28th the P. T. A. staged a Halloween carnival. There were many booths that created noise fun and laughter. The fish pond was popular with small children.

As well as grown-ups, each high school class sponsored a booth. Of course the election of queen was the most interesting thing of the evening. This was by popular vote and each class in high school had a representative. After the votes were counted it was found the Seniors had won with Elizabeth Bush.

About 9 o'clock the coronation took place. The herald, Little Miss Joyce Reagan, was dressed in a becoming green crepe evening gown and carried a gold mask.

The first grade was represented by Princess Exa of the House of Atkisson in white satin evening gown, and Arthur of the House of Henderson in blue.

The second grade, Princess Lena of the House of Parks in pink evening gown and Sonny of the House of Wilson, escort.

The third grade, Princess Bobbie Jean of the House of Freeman, in pink satin evening gown and Dubart of the House of Watson, escort.

The fourth grade, Princess Wanda Jane of the House of Parks in lilac evening gown, and Thomas Joe of the House of Parks, escort.

The fifth grade, Princess Billie Dell of the House of McGraw, in yellow evening gown, and Billie Earl of the House of Watson, escort.

The sixth grade, Princess Frances of the House of Freeman in blue evening gown, and Joe Don, of the House of Williams, escort.

The seventh grade, Princess Billie of the House of Russell, in Royal blue evening gown, and Charlie of the House of Rhoads, escort.

The eighth grade, Princess Pauline of the House of Haws, in pink evening gown, and Welton of the House of Reed, escort.

The ninth grade, Princess Vera Mae of the House of Henderson, in white evening gown, and Doyle of the House of Barr, escort.

The tenth grade, Princess Helen of the House of Cruise, in white evening gown, and Clyde of the House of Nicholson, escort.

The eleventh grade, Queen Elizabeth of the House of Queen, in white evening gown with gold accessories, and King Ray O'Del of the House of Brooks, escort.

Train bearers, Little Miss Magi Lee Worsham and Master Joe Don Worsham who were dressed in pink.

Each couple was announced by the herald, the queen and king coming in last, to a throne, beautifully decorated in Hallowe'en colors. As they reached the throne the king crowned the queen and this was followed by a song, then an old fashioned beauty contest was modeled.

The busel, wide long skirts, short tight skirts, short and long evening gowns, old fashioned basket ball suits, and many other things shown. They all paraded before the queen and her court to the amusement of the large crowd that was assembled.

A nice time was realized from the carnival.—Contributed.

Masonic Home May Quit League If New Order Made to Stand

FORT WORTH, Nov. 3.—(AP)—Masonic Home school will withdraw from the University of Texas Inter-scholastic league before it will compete in the new Class A set up as announced this week in Austin.

This statement came today from H. N. (Rusty) Russell, principal and long coach of the famous little Mason football team. It followed a statement to the Star Telegram by Rodney J. Kidd, athletic director of the league, that the omission of Masonic Home

CHAMBERLAIN SPOKE BEFORE HOUSE TODAY ON APRIL AGREEMENT

ALSO REPLIES TO OPPOSITION CONCERNING FARMED MUNICH PACT

LONDON, Nov. 1.—(AP)—Prime Minister Chamberlain asked the house of commons today to approve early enforcement of the Anglo-Italian accord of April 16 and made a bid for economic peace with Germany in southeastern Europe.

At the same he formally announced Sir John Anderson, 56-year-old "Iron Man of Bengal" and new lord privy seal, also would be minister for civilian defense, taking charge of both air raid precautions and arrangements for a "national voluntary service."

The prime minister first called for debate tomorrow on his proposal to seal the eastern pact with Premier Mussolini "as soon as possible."

Then replying to opposition attacks on consequences of the pact of Munich he insisted there is room both for Germany and for France in southeastern Europe.

Out lining Sir John's new functions, he reiterated his opposition to peace-time conscription of the nation's manpower for defense, declaring "there will be no compulsion. The government is satisfied that it is desirable and practicable to meet the needs of civilian defense by voluntary action suitably guided and organized."

Chamberlain said he had decided against establishment of a ministry of armaments because it would dislocate industry unnecessarily. He also asserted Britain was not planning to equip her army on a continental scale.

Of Germany's drive to the southeast he said: "No Desire Block Germany. 'We have no desire to block Germany from this country, that or to encircle her economically it is true we have certain trade interests there ourselves and of course we mean to maintain them.'"

"Don't let us suppose there must be economic warfare between ourselves and Germany. There may be some competition, but competition is a thing we have thrived on in the past and it is not in our interest to see any part of the world remain poor."

Chamberlain said he would offer a motion for debate tomorrow to the effect "this house welcomes the intention of his majesty's government to bring the Anglo-Italian agreement into force."

The prime minister spoke to the house as it assembled for a four-day session expected to be devoted largely to debate on the government's rearmament, civilian defense and foreign policies.

Held In Abeyance. The Anglo-Italian pact, signed at Rome three days before Easter, has been held in abeyance because of failure to achieve a "settlement" in connection with the Spanish civil war.

The Rome accord was designed to provide a comprehensive settlement of all conflicts of British and Italian interests in the Mediterranean, Africa, and near East, and to provide for British recognition of Italy's conquest of Ethiopia and for complete Italian withdrawal from Spain after the civil war and Italy's assurance of territorial integrity of political aims in Spain.

Chamberlain refused to be drawn into discussion today of his reasons for deciding to make the pact effective, but he was believed the decision was based on Premier Mussolini's recent withdrawal of 10,000 Italian troops from Spain.

"Statement of the Spanish question" was made a prerequisite to enforcement of the treaty when it was signed.

Armament Debate. The American debate centers about means to speed defense measures which the government has acknowledged, are not yet being carried forward with sufficient momentum.

Opposition parties in the House of Commons center their criticism of foreign policy about the Munich pact for dismemberment of Czechoslovakia, reached exactly one month ago today by Britain, France, Italy and Germany.

Opposition parties in the House of Commons center their criticism of foreign policy about the Munich pact for dismemberment of Czechoslovakia, reached exactly one month ago today by Britain, France, Italy and Germany.

Opposition speakers have challenged Prime Minister Chamberlain with these accusations during the elapsed month: That the League of Nations was reduced to impotence through British policy.

That collective security was shattered.

That British diplomacy was defeated successively by Manchuria, Ethiopia, Spain, China, Austria and Czechoslovak events.

That the country's defenses had been neglected in perilous times.

A heavy rain fell as the members of parliament gathered for the wind-up of the present session. Parliament had been adjourned for the summer except for a session emergency session Sept. 28, before the Munich conference, and one after that gave the Premier a vote of confidence.

from the class AA set up was "final unless the entire new alignment is changed."

The attitude of the league executive committee, composed of Kidd, Roy Bedichek and five University of Texas professors has aroused a storm of protest here and in other sections of the state.

Dire Digestive Dilemma Facing Greenbelt Folk

By EDDY GILMORE GREENBELT, Md., Nov. 1.—(AP)—Husbands in this "model" government community faced a dire digestive dilemma today.

The trouble was a domestic variation of the old get-rich-quick chain letter idea.

A housewife—enthusiastic over Greenbelt's co-operative living—sent a chain letter to another housewife enclosing not a dime, but a cooking recipe.

This might have done no damage in the average town of 3,500 people, but the list of residents at Greenbelt reads somewhat like the roster of the League of Nations.

The idea spread like melting butter. A husband, whose ancestors have founded for generations with the gaily flounder in New England, sat down to Philadelphia crapple....

A native Philadelphian encountered a dish of that rough southern delicacy known as hoe cake. A breadwinner, whose mother and father raised him on the goodies of Czechoslovakia, ran afoul of some steaming Hungarian goulash....

And Steps who sprang from the peace of Munich he stepped into a dining room filled with the pungent fragrance of wiener schnitzel....

The story can't be complete, thought: "There is no Japanese in Greenbelt to come home of an evening to chop sucy."

However, there is an Italian who dislikes spaghetti. He came home with spaghetti. His wife said she didn't want to break the chain.

The Jack Andersons Entertained Friends On Saturday Evening

KERENS, Nov. 2.—(Sp.)—Mr. and Mrs. Jack Anderson entertained a group of friends on Saturday evening with a delightful buffet dinner and Hallowe'en party. Upon entering the home via the back door, the men followed a string of light bulbs over the two-story house, winding in and out, and finally terminated in the game room over the garage in the yard, and disclosed the lady's name who was to be his partner for the evening.

The large room was most attractive in its festive attire in keeping with the occasion. The buffet table was centered with an arrangement of bronze and autumn leaves, flanked by yellow tapers in brass candleholders.

An attractive feature which served later as favors, was the seven dwarfs, dressed with perfect detail, standing in nut cups.

A delectable dinner of spaghetti with meat balls, served from a large wooden bowl, with wooden spoon, pickles, olives, nuts, pickled onions, topped off with two big cakes, one white and one black, decorated with pumpkin face and clock face numerals, respectively, which were served with black coffee.

After dinner, games of Who Am I? charades, murder, pinning the cat's tail on, and many more were played.

Guests were Mr. and Mrs. James Taylor, Mr. and Mrs. H. W. Hoffer, Mr. and Mrs. Grant Westbrook, Mr. and Mrs. Cliff Coates, Mr. and Mrs. W. M. Bain, Mr. and Mrs. Charles Reese of Kerens, Mr. and Mrs. Tom Jack, Mr. and Mrs. W. F. Smith of Trinidad, Miss Laura Lee Kirk of Corsicana, and William Anderson.

KERENS, Nov. 2.—(Sp.)—Among the many interesting parties given the last day or two in honor of Hallowe'en, was the Hallowe'en picture show of a group of high school girls, who afterward went to the home of Miss Betty Westbrook, where with Miss Mary Jane Daniel, assisting as hostesses, the barn had been converted into a mysterious but realistic ghost haunt.

Climbs were Mr. and Mrs. Taylor, Mr. and Mrs. H. W. Hoffer, Mr. and Mrs. Grant Westbrook, Mr. and Mrs. Cliff Coates, Mr. and Mrs. W. M. Bain, Mr. and Mrs. Charles Reese of Kerens, Mr. and Mrs. Tom Jack, Mr. and Mrs. W. F. Smith of Trinidad, Miss Laura Lee Kirk of Corsicana, and William Anderson.

EYES OF METHODISTS OF CORSICANA AREA TURN TOWARD WACO

ANNUAL CENTRAL TEXAS CONFERENCE TO OPEN IN THAT CITY ON NOV. 9

All Methodist eyes are turning toward Waco where the seventy-third annual sessions of the Central Texas conference of Methodism will meet starting November 9. The session will open on that date at 2:30 p. m. in the Austin Avenue Methodist church with Bishop Ivan Lee Holt presiding. The service will open with the Holy Communion with the bishop, assisted by the presiding elders, participating. The conference will last through Sunday afternoon, at which time the assignment of preachers for the new year will be made by the bishop. On Friday afternoon of the conference, delegates and visitors will be guests of the Methodist Orphanage, located in Waco.

Other high points of the program will be preaching and various activities of the church shown in programs at the night sessions. A conference secretary to succeed the late Dr. A. D. Porter will be elected.

All conference committees also met at this time, elect officers for the new year before reports to come before the body of the conference and make plans for the new year.

This will also be a history making conference as delegates will be elected to the uniting conference that meets in Kansas City next April, at which time all details in connection with the final stage of uniting the Southern and Northern Methodist churches will be consummated. There will be six new presiding elders appointed by the bishop.

Also it will be the last conference meeting as a Southern church and it will be the first time Bishop Holt has presided as a bishop over the Central Texas conference. Next year the conference will meet as a member of the United Church.

This conference will also determine whether or not the Gatesville district will be created again, it being abolished the past year.

Corsicana District.
The Corsicana district of Methodism, Dr. C. R. Gray, presiding elder, will be well represented both by elected delegates, ministers and visitors. There will be several changes made in the pastors of the Corsicana district.

Mickey Rooney, their one horse stable and Wallace Beery in a scene from "Stablemates." M-G-M's turf classic which will be shown at the Palace theatre starting Saturday night at 11:30.

Dr. Gray, who has served his four-year term in the district, will be appointed back into the ministry. It is not known where Dr. Gray will be sent. Dr. R. O. Gray, pastor at Mexia, has been at that point four years and is looking for a transfer, as is Rev. H. B. Clark, who has served four years as pastor at North Corsicana. Two other four-year men are in the district, Rev. C. E. Wilkins at Kerens and Rev. R. H. Helzer at Chatfield.

Dr. Roy A. Langston, of the First Methodist church, and Rev. B. B. Byus, pastor of the Eleventh Avenue Methodist church, are both serving their first year. There are twenty-three pastors in the Corsicana district serving some forty churches.

Delegates to the annual conference were elected at the district conference held in Mexia in the spring. From First Church, Boyce Martin and Mrs. J. W. David go as delegates. The late Mrs. C. R. Gray, wife of Dr. Gray, presiding elder, was elected a delegate from First church also. Mrs. H. B. Clark will go from North Corsicana.

Following is the list of elected delegates and alternate delegates as elected at the district conference:
Mrs. J. K. Stroud, Groesbeck; Mrs. C. R. Gray, Boyce Martin and Mrs. J. W. David, First Church, Corsicana; Mrs. H. B. Clark, North Corsicana; Mrs. R. O. Sory and Frank L. Williams, Mexia; W. B. Talley, Kerens; J. O. Sessions, Bazette; R. L. Walton, Rice; Mrs. Ray Jarvis, Hubbard; and Mrs. S. A. Renfro, Colledge.

Alternates elected were: J. I.

GREAT RACIAL THOUGHTS 'NEED' OF MODERN YOUTH

Thinking Deep Into Abiding Truths of Life—Fifth Commandment Linked With Stability of Society—One Significance of Old Age Pensions.

By WILLIAM T. ELLIS

Nimble-witted and alert today's young people certainly are; but may it not fairly be said that they neglect to think the great racial thoughts? do they discuss the primitive truths that have always held the human race together? Youth is sophisticated and "up to date" in the things of the world, but are they pondering the primary truths of nature and the importance of the family, and of loyalty to parents and to their elders?

One to put the matter concretely, has anyone ever heard a group of young persons considering the Fifth Commandment; its basic and binding character and its permanent and universal application? Rather, is not the sacred injunction, "Honor thy father and thy mother, that thy days may be long in the land" looked upon as old-fashioned and outmoded? In certain circles, parents are alluded to as "my old man," or "my old woman," "my old man," "my old woman," and "my mother." Students of the social scene report a great slump in respect for parents.

Why China Has Lived Long.
Where society is strong and wholesome, there the family means more than China has lived longer than all other nations because its family foundations are strong. There respect for parents is almost a religion. To fail to filial piety is to sin and a crime. Miss Tarbell quotes Bishop Foster as relating the punishment he witnessed in Fochow, a young man who had killed his father with a hoe, while working in a field:

"The officers chained him to a post in the execution place, and hacked him to pieces. Then they executed the mother for having such a son, and the neighbors living next on either side, for having such a neighborhood. Next the officer, like a policeman, whose duty it was to keep order in that beat, was banished. The taotai, or governor, of the district was removed from office. Then they burned the house in which the man lived, and dug up the ground to the depth of two feet on which the building stood, and carted the dirt off and dumped it in the river. They intended to wipe out that wickedness so it could not spread."

As it is in the South, I was once talking with a Southern man about the South's intense interest in kin-folk, even to far ramifying degree. We cited the case of a certain war-torn man who was forced to the end by a wooden fence which he had been a prodigal. "There is something fine about it," said my friend. "A man may return in rage and sickness, but his own folk never shut the door upon him. He belongs to them." Who can doubt that it is this strong family feeling which has been the foundation of the South's strength in surviving and overcoming its difficulties since the Civil War? And the basis of all family feeling is loyalty to and respect for parents. While in the real period, many persons exult in finding outside of their home circle friends who understand them and are more congenial than relatives. As the years pass, however, and a real understanding of life develops, they learn that there are no friends who can be counted upon like kindred, who have opened their doors when all other doors are shut.

There is hallelaloo in many parts of the United States and Canada nowadays over the intention to provide public pensions for all persons of fifty years or over. We seem to have abdicated overnight the ages-old belief that parents in their age should be the care of children. Family responsibility is thrown out of the window. For the Fifth Commandment we have substituted social legislation. Brothers and grandmothers are to be ousted from the family circle. Such are the tragic lengths to which our modern individualism has gone.

Life's machinery is being geared to other centers than the home. City hospitality is expressed in restaurants, instead of around family dinner tables. Entertainment is found elsewhere than in the home. In many "modern" families there is seldom a common meeting place where the family can sit and read, talk, and indeed, the lamp itself has been superseded by electricity. For our Canadian camp we have in our big log fire, with no opportunity to go to movies or parties or other public entertainments.

Parents bequeath a priceless heritage to their children in definitely establishing family usages which become traditions. When our two sons were growing it was our custom to read to them on Sunday evenings, usually from Kipling or Ian Maclaren, while they lay sprawled upon the leopard skin rug in front of the fireplace. To this day, when the sons are grown, and a sunny, those six-foot men lie on the floor as of old, and Daddy reads to them. As I contemplate the unusual consideration which our children show to their parents, I am certain that it is partly due to the usages established in their childhood.

The Dearest Name of All.
One can scarcely over-estimate the sensitiveness of children to imprecations. It is natural for them to cast father into the role of hero and the mother into the role of villain. How often I have heard my son say, "My father was the finest man that ever lived." I was deeply touched one time, when our more unvoiced son, an undergraduate at Princeton, was showing me through the university library; and he pulled out a drawer containing the following list:

* The Sunday School Lesson for November 8 is: o
* The Fifth Commandment: o
* Honoring Our Parents—Exodus 20:12. Luke 2:46-52; o
* John 19:26-27; Ephesians 6: o
* 1-4. o

loguing some of my books and magazine articles. He had looked them up earlier. Sons who are proud of their fathers are usually sons of whom the fathers are proud.

As we roam over this alluring theme of the Divine Law to honor fathers and mothers, we pause to consider the stupendous truth that God Himself elects to be known by the dear name of Father. Jesus gave the world a sublime new conception of the Deity by teaching us to address Him as "Our Father." All that earthly parenthood can mean, with an infinite plus, is true of God, Who portrays Himself in the image of a loving, cherishing, providing, teaching Father.

HITLER GRADUALLY ELIMINATING OLDER REGIME LEADERSHIP

APPOINTMENT OF NEW CHIEF OF GENERAL STAFF JUST ANOTHER STEP

BERLIN, Nov. 1.—(P)—Military observers today saw in the appointment of new Chief of the army general staff another step in the gradual removal of officers clinging to the ideas of imperial days or unwilling fully to go along with the whole program under the Nazi regime.

Chancellor Hitler yesterday named Lieutenant General of Artillery Franz Halder, 54, to the post which General Ludwig Beck resigned because he could not see eye to eye with Hitler.

Colonel-General Fedor von Bock 54, was named to succeed Colonel-General Gerd von Rundstedt, commander of army group No. 1.

Hitler continued the reorganization today by promoting Major General Wilhelm Keitel to the rank of Colonel General. He is a member of the secret cabinet council, who was said to have no political ambitions and has been known in some quarters as the mystery man of the German war machine.

The annual naval changes announced in June became effective today simultaneously with the military changes. Among them was the naming of Rear Admiral Hermann Boehm to be fleet commander.

Both General Halder and General von Bock led German soldiers into the former Czechoslovak Sudetenland, and well-informed circles believed they were receiving rewards for their work.

General Beck long had been reported at odds with Hitler and was said particularly to have disagreed on German military occupation of Austria and Czechoslovakia, when both first were considered.

Corsicana Teams Dominate Chase In District 16-B

TEAGUE, Nov. 2.—(Sp.)—The Orphans are still in the saddle. State Home Lads held their perfect record by thrashing the Ferris Yellow Jackets, 25-0; the IOOF Lynx went outside district 16-B for a scoreless tie with the Kerens Bobcats; the aroused Groesbeck Goats all but annihilated the Teague Lions, 38-0; Ennis clicked as never before this year to swamp an outsider, Commerce, by the score of 40-13.

The Lynx met their fourth district opponent this week in the form of the Teague Lions, and are heavy favorites to keep their record unblemished. The State Home Lads, on the other hand, invaded the home of the Groesbeck Goat, and are due to have all they can handle in the way of football opposition.

Ennis and Ferris meet outside opposition in the form of Kaufman and Red Oak, respectively.

Two of the district's outstanding backs were seen on the local field last week in Pittman of Groesbeck and Guyton of Teague. The former sparked his team to its most decisive win over Teague in years; the latter kept his star shining by rousing defensive work and by almost singlehandedly plowing through the team line for over 100 yards, about 75 per cent of the Lion net gain.

The Goats also presented the best center yet seen here in the person of Bo Jones who was forever in the mane of the Lions.

Churches of all denominations are today facing the greatest danger in Christian history, Bishop Holt said. "These are desperate days for the church and the Christian movement is threatened. Quality In Circulation Is Most Important In Advertising

An advertiser of experience and success is more interested in the quality of the circulation he uses rather than the hit and miss method of unknown so called advertising experiments - - - so called advertising that has no definite coverage of his trade territory and no definite objective or service to the community other than reaching out after the advertising dollar.

The value of circulation and public contact to the advertiser is a serious matter, for he wants to know where and how his advertising dollar is to be invested, and wants to use space that not only covers his trading area, but in a medium that has through many years of public service built up a prestige and the confidence of the public that is a valuable back-ground in addition to the actual coverage of the medium used.

The wise advertiser does not want to experiment with his advertising dollar on untried, unseen and indefinite projects trying to be sold under the guise of advertising - - - nor is he interested in uncertain and indefinite coverage of his trade territory that has a waste and dribble circulation beyond his trading area.

That's why he values the "Home Town Newspapers" that have been here a long time and backed by years of service, and published by homefolks - - - they are not new ventures in the advertising field, nor published by newcomers who have no record of public service, nor a background that makes advertising service more valuable.

Concentrate your advertising in your "Home Town Newspapers" that cover your trading area completely with no wasted or dribble circulation beyond your field of activity.

RAIN, COLD

(Continued From Page One)
section, the season for wheat mowing that is causing damage to cotton. Small snow flurries mingled with the rain last night. Rain fell at Electra, Tyler and Brownwood.

Snow In Baton Rouge
BATON, N. M., Nov. 3.—(P)—Winter invaded northeastern New Mexico today as a storm of near-blizzard proportions hit, covering of three inches of snow and drove many deer hunters out of the hills.

Eight inches of snow were reported at Moreno Valley, Southwest of here, after an all-day fall yesterday.

Million Dollar Rain
CHICAGO, Nov. 3.—(P)—Forecaster C. A. Donnel said "a million dollar rain" spread over a large section of the drought-stricken Midwest today and slowly would expand in area.

The rain extended, he said, from San Antonio, Texas, northeastward through Dallas, Oklahoma, Kansas, Northwestern Missouri, Nebraska, Central Iowa, most of Wisconsin and to Western Lake Superior.

The fall was heavy in some sections last night and this morning. An autumn heat wave which shattered records for this late in the season in many localities, plus the drought, had brought worried growers to many a farmer, though the "September weather" in November was a boon to city dwellers and corn harvesters.

Oklahoma Gets Soaking
OKLAHOMA CITY, Nov. 3.—(P)—Soaking rains fell on parched Oklahoma crop and pasture lands today to break the grip of an autumn drought that had threatened to become one of the most serious on record, while a light snow covered part of the Panhandle.

Coming on the heels of the hottest October in state history, the rains drenched every section of Oklahoma. The moisture reconditioned wheat fields and gave many farmers their first opportunity to plant. Some early seeded wheat was reported at a standstill and late planted grains were deteriorating.

Heaviest rain reported was 1.91 inches at Clinton but at Tulsa, Muskogee and other points rain was still falling heavily.

Harry Vahlberg, federal meteorologist, said the rain was not all that was needed "but it certainly relieves a dangerous situation."

Wheat Is Benefitted
TOPEKA, Nov. 3.—(P)—Rains which soaked the soil from one to three inches deep and described by S. D. Elmer, federal meteorologist, as "life savers" for the 1939 winter wheat crop, fell on practically all of Eastern Kansas last night.

Only the extreme southeastern counties and the Western Third of the state appeared to have been missed by the rainfall, Elmer said. The wheat crop in the western portion, however, was in better condition than in the other sections of the state, although it has begun to need moisture "badly," he said.

Winter In Colorado
DENVER, Nov. 3.—(P)—Bright sunlight and rising temperatures thawed ice and snow from most Colorado highways today as state came through its first sharp taste of winter.

A grade crossing crash at Louisville, south of Denver, in which Luther J. Cunningham, 31, a Colorado Springs bread truck driver was killed, was apparently the only serious accident resulting from a snowstorm which swept portions of the state yesterday and last night.

Three Injured In Storm
STAMFORD, Nov. 3.—(P)—One person was injured seriously and two others less seriously hurt early today when a twisting windstorm destroyed the home of Curtis Walsch two miles north of Sagertown.

Mrs. Walsch, caught in the wreckage of the three-room house, was critically injured and brought to a hospital here. Her four-year-old son was blown from the building into a cotton field, but his injuries were not serious. Walsch also was slightly injured.

First reports of the storm, which was accompanied by a heavy rain, said it did considerable damage in the Sagertown vicinity. Sagertown is 15 miles northwest of Stamford.

"playing the fool with great issues of public safety."

He assailed the inadequacy of air shelters, gas mask distribution, fire-fighting apparatus and of anti-aircraft guns. He accused the government of failure to provide a policy for moving the civilian population from London in a war emergency.

Germany and Italy were understood today to be ready to guarantee the borders of dismembered Czechoslovakia as a Spanish war incident within sight of England's assurances for what was left of the house of commons that fear grew of new map revisions in Central Europe.

Czechoslovakia now has been cut down to about 39,031 square miles from 45,196 square miles before the Munich peace. Satisfaction of most of Hungary's territorial demands yesterday by Germany and Italy, as arbitrators, cost Czechoslovakia 4,875 square miles in addition to 10,885 square miles of Sudetenland previously lost to Germany and 405 square miles taken from Poland.

But Czechoslovakia's foreign minister Frantisek Chvalkovsky was said to have returned to Prague with German and Italian assurances for what was left of his country.

Now it is the turn of Yugoslavia and Rumania to worry. Their observers at the arbitration proceedings expressed fears that Germany and Italy would force complete revision of the post-war Tripartite treaty, with which pre-war Hungary was split among the victorious countries.

Ailing Prime Minister Chamberlain was too ill to take the floor to answer House of Commons demands for a statement on the sinking of the British-Chinese Spanish freighter Cantabria yesterday by a Spanish insurgent war ship off the English coast.

On the Spanish front a steady insurgent advance pushed Government troops slowly back on the Ebro Salient in lower Catalonia.

A new army of 300,000 recruits is being trained in Szechwan province. Food is being requisitioned and factories and mines developed as China continues to resist Japanese forces still fanning out slowly from captured Hankow.

Turkish Naval Program
ISTANBUL, Nov. 3.—(P)—The presidential address of Kaamil Ataturk to the national assembly today disclosed that Turkey, which controls the strategic Dardanelles has prepared a vast program of naval reorganization.

The government was understood to have ordered three destroyers and four submarines from Great Britain while the delivery of two submarines from Germany was expected.

The new program is to be financed out of a British 16,000,000 pound (about \$80,000,000) loan and a more recent German Credit of \$60,000,000.

Difficulty Found In Securing Jury

SAN FRANCISCO, Nov. 3.—(P)—Twelve men were sworn in today as a federal court jury to try James C. Lucas and Rufus Franklin, Alcatraz convicts, for murder.

The jurors were San Francisco business men, except one, a garment worker.

More than sixty veniremen were examined.

SAN FRANCISCO, Nov. 3.—(P)—Although 60 men have appeared in and out of a federal court jury-box, the necessary 12-man body still was incomplete today as court convened for the fourth day in the murder trial of two Alcatraz bad men, James C. Lucas and Rufus Franklin.

Completion of the jury appeared likely by afternoon, however, since 11 men in the box already had been put through the lengthy question-list used by defense and prosecution to qualify jurors.

SUCCESS AND GREATNESS

Unto the end of time men will debate
 The rightful meanings of "success"
 And "greatness."

Some will insist that triumph is
 To fight
 And conquer every weakling,
 Wrong or right.

Others will praise some lucky
 market guess
 And call the man who made it a
 "success."

Greatness, we're told, exceeds one
 single goal.
 The flesh man wears must robe a
 kingly soul.

Yet which on earth is best to do
 and be
 The wisest minds will never quite
 agree.

Each for himself must choose the
 way he'll go.
 Content to take what'er the
 years bestow.

Fortune and fame are proof of
 victories sweet,
 But oft the test of greatness is
 defeat.

"SACRED TRUSTS"

Germany, as everybody knows, would like to have her colonies back, and this form of "appeasement" is expected more confidently since the Munich peace conference. But right away the appeasers run into difficulties.

There is New Guinea, for instance, part of the island of Papua, which the League of Nations after the Versailles Peace Conference handed over to Australia. The latter country bristles at the suggestion of returning it. It's government insists that the mandate it has assumed is a "sacred trust," binding Australia to help, protect and advance a backward people, which cannot be relinquished until the natives are able to take care of themselves. To surrender it to another nation would be "a gross dereliction of duty."

A similar situation is said to prevail in what used to be called "German East Africa," also held by the British under a League of Nations mandate. They are said to be taking a vote there over a return of the colony, but the whites are expected to give an overwhelming majority in favor of retention under the British flag, and the natives threaten to revolt if their status is changed.

It may be the same with all the odds and ends of colonial territory formerly held by Germany. That territory never did her much good, and may not be doing the present overlords—chiefly Britain, France and Japan—much good. And they have no real title to it, being supposed to hold it in trust for the benefit of the natives. But will they give it up to Germany or anybody else? Not if they can help it. Not unless Germany brings so much pressure to bear that more essential parts of their empire are threatened.

lately if it isn't being overdone.

When business economists forecast bad times or good times, on the basis of past experience, assuming that what has been will be, their forecasts tend to fulfill themselves, because people often accept them blindly and become fatalistic about them.

But human nature is primarily not mathematical but emotional, and therefore not really predictable. And this unpredictable factor may be more valuable than mathematical certainty, because it often enables people, by free exercise of will power, to accomplish for business recovery, or any other great purpose, what seems statistically impossible to the solemn figure-mongers.

It may happen in war or any other collective outpouring of human energy. Germany for some time has been accomplishing in her economic life things which no self-respecting statistician would dare predict.

We need the statisticians, of course. They are a valuable part of our modern life. But life itself is more than figures. One thing needed in this country is a confident surge of human energy rising above our statistics and succeeding in spite of them, through creative effort.

KICKING HIM OUT!**CROCHETING LION-RAISER**

Mayor Ralph C. Mitchell of Independence, Kan., has two hobbies. He crochets, and he raises lions. He seems to be good at both. Samples of his skill with the crochet hook have won prizes at state fairs. Zoos have received some of his lions.

Mayor Mitchell believes that business men should take up crocheting to divert their minds occasionally from pressing problems. He finds it a great aid to relaxation. They need not be afraid of being called "sissy," either. A railroad section hand taught him to crochet, and who ever heard of a sissy in such a job? A little doubt is cast on his faith by the fact that the doilies and such he exhibits at state fairs are entered in his mother-in-law's name, but that may be to prevent confusion or partiality among the judges.

Psychologists and others have told us of the great value of hobbies not only to enrich our leisure but to develop and strengthen character. Less can be said of hobbies as developers of tolerance. The crocheting mayor, for example, has only contempt for men who excel at tatting. Knitting and quilting doubtless would meet his disapproval, too. There's no accounting for some men's tastes.

The Arabs in Palestine ask Americans not to help any movement to "deprive them of their country for the benefit of foreigners." And maybe we won't. But they took it from the Jews in the first place. Turn about might be fair play.

Anyway, it has been proved that the Chinese are not "yellow."

TRAGIC HEROES.

Among the foreign fighters now being withdrawn from the Loyalist army in Spain is one group of 150 Germans. There were more of them earlier in the war, but many lost their lives fighting for Spanish democracy, possibly killed by German guns or bombs and German soldiers fighting for Franco.

These 150 men are refugees from their homeland, men without a country, now that the government forces in Spain have decided it is best to get along without outside help.

There are many problems connected with the disbanding of foreigners in Spain. Efforts are being made to raise funds to get American volunteers fed and clothed and brought home as soon as possible. They went to Spain against government advice and orders and their return is difficult, but their future is hardly so dark as that of the democracy-loving Germans. Hitler doesn't want them, certainly, and German refugees are too numerous for other countries to take care of them all.

A study of social security account numbers in New York showed that 2.7 per cent of men and women in the state did not know their ages. The birthday cake candle-makers should do something about this.

The present ideal in automobiles seems to be a car that looks as if it's going when it's standing still, and feels as if it's standing still when it's going.

Corn is down to a four-year low, and yet millions of our people haven't any on the cob.

EMHOUSE HALLOWEEN CORONATION HELD ON LAST FRIDAY NIGHT

EMHOUSE, Nov. 1.—(Spl.)—Of interest to Emhouse and the surrounding community was the annual Halloween carnival held at the Emhouse High school Friday, Oct. 28. Many booths that created much fun, noise and laughter, lined the halls and rooms of the building, but the thing of greatest interest was the election of the king and queen of the high school and the king and queen of the elementary school. At the close of the coronation contest it was found that the representatives of the ninth grade and the representatives of the fifth grade had received the most votes. The coronation of such followed immediately after the mystery play given by the Dramatic Club.

At the rise of the curtain, surrounded by a screen of beautifully colored trees, on a snow-white throne in front of a picturesque arch of rainbow colors, were seated B. W. of the House of Gamble, king of the Emhouse High school, and Elvin of the House of Taylor, king of the Emhouse elementary school. The kings were dressed in gorgeous robes of blue and gold with sparkling silver crowns upon their heads. The two heralds, Totsy Tinkle and Emma Laura Tinkle, stood on opposite sides of the throne.

As Miss Martha Ann Pearson played "The Grand March" and as the court jester, Nancy Eastland, and Doris Marie Gray, danced and performed their graceful stunts in front of the throne, the following court attendants, dressed in evening costumes, marched down opposite aisles of the crowded auditorium and took their respective places on each side of the throne:

Fourth Grade—James Edgar of the House of Hodge, prince; Peggy Lois of the House of O'Neill, princess.

Sixth Grade—Earl Lloyd of the House of Watkins, prince; Roselle of the House of Allen, princess.

Seventh Grade—Newell of the House of Farmer, prince; Marjorie of the House of Stewart, princess.

Eighth Grade—N. L. of the House of Mott, prince; Katherine of the House of Davidson, princess.

Tenth Grade—Willis of the House of Champion, prince; Beatrice of the House of Farmer, princess.

Eleventh Grade—Curtis of the House of Stokes, prince; Imogene of the House of Dockery, princess. Crown Bearer—Master Freddie of the House of Eastland.

Train Bearer—Judith of the House of Taylor, Joy of the House of Allen, Gene of the House of McCrary, and Betty Gene of the House of Ruth.

With their long trains the two attractive queens, Joy Lee of the House of Watkins, queen of the Emhouse elementary school, and Geraldine of the House of Tinkle, queen of the Emhouse High school, marched down opposite aisles of the auditorium, knelt in front of the throne, were crowned, and seated on the throne by their respective kings. The coronation ceremony was closed with the court singing "The Anvil Chorus" from "Il Trovatore" by Giuseppe Verdi.

INTERSCHOLASTIC LEAGUE PLANS FOR REDISTRICTING MADE

DALLAS, Nov. 1.—(AP)—The Dallas Times-Herald today said under redistricting plans of the Texas interscholastic league, the 1939 schoolboy football race would be divided into classes with metropolitan schools of 500 or more students comprising the AA circuit.

The paper quoted P. C. Cobb, director of Dallas high school athletics, as saying he had received the redistricting program from Rodney J. Kidd, secretary of the league at Austin.

Schools not having an enrollment of 500 or more may get into a class AA district if it has between 450 and 499 students, on a favorable vote of three-fourths of the members of that particular district. Forty class A districts in the state have been organized. Schools with an enrollment of 200 or more students, and not more than 499, are automatically in class A. Schools with 150 students may get into a class A district on a favorable three-fourths vote of district teams.

FIND OUT JUST WHAT IS CAUSING THAT HAY FEVER

Tendency to Hay Fever is chiefly hereditary and the disease is not contagious. A child whose parent had Hay Fever may have hives, eczema, migraine, mucous colitis, Hay Fever or Asthma. Medical science says they are all allied diseases caused from sensitiveness to some pollen, animal effluvia, cosmetics containing irritant, or some protein-containing food. The seasonal type is usually caused from pollen and the perennial type usually from the more constantly-present irritants.

Hay Fever is distinguished by absence of fever and itching of mucous membranes of eyelids, palate and ears. Aside from the intense discomfort, there is danger of chronic obstruction of sinuses, or Asthma.

According to medical authorities, about 90 per cent of these cases can be tested, treated and immunized against those things to which he is sensitive. This testing process is not painful, but sometimes takes patience and perseverance. Your own physician will be glad to advise you further.

Tourney at Powell High School Friday

A tournament to determine the champion forty-two player of Navarro county is being held at the Powell high school building on Friday, November 4, at 7:30 p. m., under the auspices of the senior class.

Playing will be progressive, and the highest single scorer at the end of the evening's play will be declared champion. All the towns and communities of the county are expected to send their best players to represent them in the jousts, and free-lance participants will also be welcome. All who enjoy forty-two are urged to attend. Admission is 25c a couple or 15c an individual, and proceeds will be used by the seniors to buy the school an electric clock as a gift from the class of 1936.

Tables may be reserved in advance, if desired, by notifying Miss Aileen Clark, sponsor of the senior class.

Gates' Name Still

On Dartmouth Rolls

HANOVER, N. H., Nov. 3.—(AP)—The name of Huntington Kenneth ("Heavenly") Gates, 24-year old Causus, Mass., football star who sought shelter from the "god-killers" of the gridiron in the weather-beaten haven of the Legion of God at Amherst, today remained on the rolls of the Dartmouth senior class.

College authorities indicated, however, it would be removed if he failed to return within a few days.

A Card of Thanks.

We wish to express our heartfelt thanks to our many friends who were so loyal to our mother, and sister, Mrs. Lillie Erwin during her long illness. Her words cannot express our heart's appreciation for we are very grateful to one and all who helped in any way to make her last years pleasant.

She asked us repeatedly to tell her friends that she appreciated them very much, and that she was going home to Glory where she would wait for us who were looking to heavenly things as she was.

Again we want to say that we appreciate each little thing that was done. So may God bless each of you and thank you again.

Mr. J. E. Erwin, Fred G. Erwin, and Ethel Hillard, her children, and her brother, T. H. Sanford, all of Corsicana.

FROG'S ALL-AMERICAN CENTER

KI ALDRICH - SUB. CAPTAIN - CENTER, T.C.U.

"The best lineman on the field was Ki Aldrich, T. C. U. center." That has been the verdict of every opponent the Christians have met this season, as well as the theme of almost every sports writer's account of the conflicts. Ki is all over the field, offensively and defensively. He passes the ball and then pulls out to run interference, or to protect the passer, on offense. Defensively, he is the team leader, calling signals and tearing here and there to knock down passing and break up running plays. He has an uncanny ability at diagnosing enemy plays. He'll be all-American in a lot of the final compilations for the 1936 season.

DR. DAVID CARSON BELIEVED KIDNAPED AND LATER SLAIN

STAFF MEMBER VETERANS HOSPITAL HAD BEEN OBJECT OF WIDESPREAD SEARCH

SAN ANTONIO, Nov. 2.—(P)—Shot through the head, the body of Dr. David H. Carson, 61-year-old Kerrville physician who was believed to have been kidnaped at Kerrville yesterday, was found three miles from here today in his car, parked 150 yards from the San Antonio-Kerrville highway.

Dr. Carson had been shot above his right eye. What appeared to be powder burns were found on his right hand and on his forehead. A .38-caliber pistol lay at his feet in the car and his glasses, unbroken, were on his eyes.

Justice of the Peace Raymond Gerhard said the doctor, for whom H. H. Poyner and E. J. Carson, officers had been searching for all night following his reported kidnaping, had been dead three or four hours. His body was seated upright in the driver's seat of his car.

Alfred A. Schubert, driver for a milk company, found the body and notified the sheriff's office.

Passenger Seen Ill
Sheriff Willard said marks on the right side of the car indicated that a passenger in the car had become ill while the automobile was in motion. This passenger is believed to have been the former Legion hospital patient with whom the doctor was seen in Kerrville Wednesday. The patient was said to have been a paroled Kansas convict.

Officers said the doctor might have been murdered by a drug-crazed fiend.

Dr. Carson's automobile and bottles of gun and hypodermic found in the car, were being examined by identification experts for fingerprints. Justice Gerhard said these, if any are found, would have an important bearing on his inquest verdict.

A driver's license in the car gave Dr. Carson's age as 61 and his address as the Secor hospital at Kerrville. Four dollars and thirty-seven cents was found in his wallet.

Kidnaped and Slain
Sheriff Frank Moore of Kerrville expressed the theory that Dr. Carson was kidnaped by a man who was last seen in the Schreiner bank there Tuesday with a man to whom he gave some money he had just borrowed from the bank. The sheriff said the doctor borrowed \$100 at the bank. A slip, apparently noting this transaction, was found in the car.

Dr. Carson went to Kerrville three years ago from McAllen to join the staff of the Legion hospital.

Shortly after the kidnaping had been reported to him, Sheriff Moore said he had seen a man who said that the man was a former patient at the Legion hospital and was known to be a paroled convict from Kansas where he had been serving a term for murder.

The sheriff said Mrs. Gladys Easley reported that she saw a stranger enter an automobile with Dr. Carson at a filling station near Legion where the physician had stopped to make a telephone call. She said Dr. Carson drove toward Kerrville with the man still in the car.

Sheriff Moore said that the suspect he had in mind was missing from Kerrville and Legion.

Mrs. Carson, prostrated with grief, said she knew of no enemies the doctor might have had.

KERRVILLE, Nov. 2.—(P)—Federal, state and county officers searched the rugged hill country today for a trace of Dr. H. Carson, 60, staff physician at United States Veterans Hospital at Legion, believed the victim of a kidnap plot.

Sheriff Frank Moore expressed fear that Dr. Carson, last seen with a stranger man to whom he gave some money he had borrowed from a local bank yesterday morning, had been kidnaped and slain.

The sheriff's department and state highway police were joined in the search by Agents of the Federal Bureau of Investigation and San Antonio police and deputy sheriffs.

Dr. Carson came here three years ago from McAllen. He maintained an office in Kerrville in addition to his duties at the Legion hospital.

Sheriff Moore said he had a suspect in mind and that the man was a former patient at the hospital and was known to be a paroled convict from Kansas, where he was serving a term for murder.

The sheriff said Mrs. Gladys Easley reported that she saw a stranger enter the car with Dr. Carson at a filling station near Legion where the physician had stopped to make a telephone call. She said Dr. Carson drove toward Kerrville with the man still with him in the automobile.

The sheriff's office was informed that Dr. Carson borrowed \$100 at the bank, giving his car as security, and saying he would sign the note and give details later. The teller informed the sheriff he handed Dr. Carson the money and the physician gave it to the man who was with him and that they left the bank. Neither has been heard from since.

Sheriff Moore said the man with Dr. Carson fitted the description of the ex-convict who also was reported missing.

Mrs. Carson told officers she did not know of any enemies the physician may have had.

TWO YOUNG MEN AND WOMAN CHARGED WITH ROBBERY FIREARMS

LONG LIST OF CRIMES ATTRIBUTED TO TRIO ARRESTED NEAR SAN ANGELO TODAY

DALLAS, Nov. 2.—(P)—Two young men with a fast-growing police record and a woman, officers identified as the slayer of the late notorious Clyde Barrow, were captured near San Angelo today and charged in 13 cases of robbery, highway patrolmen said.

The trio surrendered to Texas Rangers, highway patrolmen and West Texas officers after a four-mile dash through the brushy country near Eden. They were charged as Joe Carson, 24, ex-convict; Ollie Smith, 23, a minor police character until recently, and Marie Frances Barrow, 21, formerly Dallas robber.

Dallas police said the woman was not Marie Carson, wife of the captive, as San Angelo sources identified her.

In Dallas the two men were charged in 10 robberies which netted them about \$500.

The charges were filed this morning. A woman captured with the men was not named in the complaints. She is the wife of one of the suspects, who were identified positively by victims of five Dallas robberies.

The trio surrendered to officers near Eden after they abandoned a stolen car and wandered through the brush for four miles. The car they left behind officers said, was stolen from W. Stufflebeam of Grand Prairie.

Robbery-by-firearm charges here named Joe Carson, 24; and Ollie Smith, 23. Similar charges filed at San Angelo named the men and Marie Carson, 20. The Dallas robberies were speedy affairs. On Oct. 2 two men held up an ice house and escaped with \$25. A few minutes later they visited a service station and took \$22 cash, \$30 in checks. Fifteen minutes later they held about 15 persons at bay in a drug store and shot through the floor and escaped with \$70.

On Oct. 22, records showed, the pair robbed a drug store of \$300 and 10 minutes later took \$109 from another pharmacy.

Dallas police said the pair was well known here and in West Texas and that one of the men had been seriously injured in a San Angelo fight four or five months ago.

State highway patrolmen agreed to bring them here immediately.

SAN ANGELO, Nov. 2.—(P)—Two men and a woman, sought throughout the night by rangers, state patrolmen and West Texas officers, surrendered nine miles from Eden today and were charged with robbery by firearms.

Officers began chasing the trio through hills, Concho county last night when they sped by a filling station near Eden. Officers said they had taken an automobile belonging to Will Tieman after abandoning another car.

Charges were filed against Joe Carson, 24; his wife, Marie, 20, and Ollie Smith, 23. They were brought here for safekeeping. The men and woman were cold and their clothes torn after a four-mile flight through the brush country around Eden. An abandoned car was found containing weapons, officers said.

Woman Denies She Is Related to Barrows
SAN ANGELO, Nov. 2.—(P)—Marie Carson, self-asserted wife of Joe Carson, both of whom were arrested with a companion today, continued to deny that she was a sister of Clyde Barrow, slain Texas desperado.

Officers asked her if she was related to Barrow after information had been received from the chief of the Dallas Detective Bureau, Will Fritz, saying she was a sister of Barrows.

The 20-year-old woman said she was married to Joe Carson May 19 but Carson said they were married about two months ago, and added "it must have been sometime in August." Carson was reported by officers here to have been released from the Texas penitentiary.

WORLD IS BLUNTLY TOLD OF PROGRAM IN FAR EASTERN AREA

POLITICAL AND ECONOMIC BLOC TO BE CREATED TO CARRY OUT JAP POLICY

TOKYO, Nov. 2.—(P)—Japan bluntly announced to the world tonight that she intends to create a political and economic bloc consisting of the Japanese Empire, Manchoukuo and China in carrying out her "immutable policy" for Asiatic reconstruction after the war with China.

A formal government declaration left a loophole for possible peace with the present government of China "if it were to come forward to join in the establishment of the new order."

The statement expressed gratitude to those nations "which are in sympathy with us"—presumably Germany and Italy, Japan's allies in an anti-communist pact. Western powers were not mentioned.

The declaration was issued in commemoration of tomorrow's national holiday, birthday of the Emperor Meiji, grandfather of Emperor Hirohito, and coincided with the founding of the modern Japanese empire.

Born Nov. 3, 1852, Meiji reigned from 1867 until his death in 1912, his reign covering the period during which Japan emerged from isolation to become one of the great powers.

The statement appeared to indicate that Japan expected China's role in the future of Asia to be that of a Manchoukuo province, formed out of China's Manchurian provinces conquered by the Japanese army between 1931 and 1933. (Although Japan formally maintains that Manchoukuo is an independent empire, that country actually is a Japanese protectorate entirely dominated by Japan and for all practical purposes part of the Mikado's empire.)

"Japan," the statement continued, "is confident that other powers on their part will appreciate correctly her aims and policy and adapt their attitude to the new conditions prevailing in East Asia."

For the cordiality hitherto manifested by the nations which are in sympathy with us, Japan wishes to express her profound gratitude.

Establishment of a new order in East Asia is in complete conformity with the spirit in which Japanese empire was founded; to achieve such a task is an exalted responsibility with which our present government is deeply conscious.

Previously the Japanese foreign office had declared that Asiatics "can hardly accept as fair treatment" the existence throughout Africa and Asia of colonies of western nations.

The statement was made following a question as to the probable tenor of Japan's reply to the United States note of Oct. 6 demanding an end of Japanese interference with American trade in China. The spokesman emphasized that he was not commenting on the note or a possible reply, and was expressing only a personal opinion.

New Government For China Is Determined
SHANGHAI, Nov. 2.—(P)—Demolition of the Japanese-dominated regime at Peking and Nanking had reached an agreement for the establishment of a Japanese-ported central government of China "based on the will of the people."

Purpose of the contemplated central government was declared to be the salvation of China "through stamping out of communism and establishment of Chinese-Japanese co-operation."

It was indicated, however, separate local administrations under Japanese direction would be established at Canton and Hankow, newly conquered by the Japanese army, before a final amalgamation into a government.

The Peking regime, called the "provisional government of China," and that of Nanking, the "reformed government," are composed of Chinese but are thoroughly dominated by the Japanese conquerors. Most of their Chinese officials were unknown before enlisting under Japan's direction. Their representatives have been meeting at Nanking since yesterday.

Wooded Areas Being Searched for Missing Texarkana Airman
LITTLE ROCK, Ark., Nov. 3.—(P)—National guard and private planes searched dense wooded areas between here and the state's northern boundary today in a hunt for W. H. Proctor, 26-year-old Texarkana pilot who disappeared ten days ago on a flight to St. Louis.

Fear that the flier had crashed to his death in the longest hop attempted during his eight months of flying, he expressed reluctance by his father, O. H. Proctor, who directed the hunt.

Young Proctor left Texarkana early on Oct. 24, stopped here for a night and then headed for Pockahontas and St. Louis. He failed to reach either place and nothing has been heard from him.

identally sometime in August. The name, "Marie Barrow Francis" was carried on a social security card found in the woman's purse. A driver's license in the purse carried the name, "Mrs. Marie Francis."

When asked if she knew whether or not Carson had a criminal record, the girl replied that she did not know about his past record. Carson admitted having been arrested twice by Dallas officers, one time for investigation of flying in the other from being drunk, he said.

His companion, Ollie Miner Smith, said he formerly had operated a filling station in Dallas, but had sold it about a month ago. He said he met Carson and his wife on a street car there about two weeks ago and that they had been riding around the country since that time.

Even Dead Indian Not Good Indian
FARLEY, Mo., Nov. 3.—(P)—It would be a good idea to have a dead Indian as a good Indian, Leavenworth, Kas., family that a dead Indian is a good Indian.

J. M. Shippee reported he found the family head burying bones taken from an Indian burial mound near here.

"We've had nothing but bad luck ever since we got them," the Kansas told Shippee. "What we found in the bones was Leavenworth last summer and about \$600 in money we've lost, and we decided to bring the bones back where they belong."

Decrease in Dope Addicts Reported In United States

WASHINGTON, Nov. 2.—(P)—The government reported today a "marked decrease" in drug addiction in the United States.

H. J. Anslinger, narcotics commissioner, told Secretary Morgenthau there were less than two addicts in every 10,000 of the population.

In 1924, he said, there was one addict among every 1,000 Americans.

Utah, with 27 addicts in a population of 527,000, had the lowest rate of addiction and the ratio ranged up to Oklahoma's 3.28 addicts in each 10,000.

Progress in narcotic law enforcement has been accelerated by enactment of a uniform narcotic drug act in 39 states, Anslinger said.

"Connecticut, Florida, Texas, Maryland, New York and Ohio deserve credit for the excellent manner in which they are enforcing their narcotic laws," Anslinger said.

During 1937, he reported, the licenses of 34 physicians were revoked for selling convictions of addiction. They were in 18 states including: Texas, 3.

FORECAST IS BAD NEXT TWO MONTHS TEXAS HIGHWAYS

AUSTIN, Nov. 2.—(P)—Violent death for 360 Texans! Maiming and crippling of more than 500!

Injuries, hospital and doctors' bills for more than 2,000! These are the forecast state police statisticians posted today of the carnage of carelessness on Texas highways for the brief remaining period of 1938.

The state police said that the work over time through November and December with lowered visibility, week end football trips, holiday traveling and cold weather hazards threatening motorists.

More than 1,280 already have died in vehicular crashes this year and the traffic experts estimate the toll will run more than 1,620 by the end of the year.

Director James Garrison, Jr., said the state police said high speeds were the most dangerous factor in accidents.

"It is a rare driver who has control of his car at 60 miles an hour," Garrison commented. "And on anything but a straight highway with but few cars in sight, 40 miles an hour is too fast."

Statisticians said an 18 per cent increase in deaths was caused in the number of deaths from highway accidents proved the toll could be reduced. Campaigns by cities, newspapers, civic organizations, schools and other units were credited by state police with the reduction.

They warned, however, that the decline should not be permitted to boom into relaxed vigilance by drivers.

Analysis of 1938 records showed more than 10,000 persons were injured from accidents.

RICE MAN DIED OF
HEART ATTACK AT
GIN ON WEDNESDAY

Henry Dukeminier, aged 61 years, of Rice, died at the Ruthford gin in Rice Wednesday afternoon at 3:30 o'clock. A heart attack was ascribed as the cause of death. He had resided in the Rice community for many years.

Surviving are his wife, Mrs. Bessie Dukeminier, Rice; a son, John Henry Dukeminier, Rice; two step-children, Mae Belle Hopkins, Rice, and J. D. Hopkins, Rice; a brother, Clark Dukeminier, Rice, and two sisters, Mrs. A. Gallenore, Rice, and Mrs. Callie Shelton, Oklahoma City.

Funeral services were held Thursday afternoon at 3 o'clock from the Rice Baptist church with Rev. C. C. Henry, pastor of the church.

Fall bearers were Kistler Bradley, Dowd Mahoy, Russell Hobbs, Bannin Fitzgerald, Scott Swafford and Elcie Mjors.

McCammion and Hodge Funeral Home had charge of the arrangements.

Derrick Is Making Many Improvements
Remodeling and expansion of the Derrick will increase the capacity of the dining room of the popular Corsicana eating establishment to more than 200, the management has announced.

Construction now in progress will extend the dining room 22 feet, add a ladies lounge and powder room, and completely enlarge the east porch. The new doors separating the two sections will facilitate the serving of two separate banquets at the same time. Air conditioning ventilation is being installed.

TEXAS HAS MILD BUT WIDESPREAD DROUGHT FACING ALL SECTORS

TARDY WINTER SEES DRIEST OCTOBER FOR MANY YEARS RECORDED

By The Associated Press.
Unless tardy winter shows up pretty soon, Texas has a mild but wide-spread drought in the making.

A weather eye glancing over the state today could see numerous patches of dry rangelands and farms and many sections reported October was the driest month in years only the coastal section around Houston appeared to enjoy sufficient moisture.

San Antonio reported the driest October in 37 years, with a rainfall of .13 of an inch, which is 2.10 inches less than normal. October there was the fourth consecutive month with less-than-normal rainfall, and fields and ranges were parched. Water tank levels were low.

Fort Worth, with .11 of an inch in October, complained of the driest month in 10 years. Rain was urgently needed by growers of small grain. County Agent, M. Counts, figured that 50,000 to 75,000 acres of wheat and barley had been planted dry in Tarrant county alone, and these crops must have moisture to germinate.

There was no shortage of water for stock, however, and ranchers were taking advantage of the dry weather to construct surface reservoirs.

Austin rain on October was .24 inch, compared with a normal 3.19 inches, making it the driest month since 1932. Stock water is low, grass and other vegetation has wilted and fall plowing and out planting have been delayed.

Paris reported the lowest October rains since 1924, getting only .12 inch last month. Tyler dry conditions delayed sowing of winter crops. No rain of consequence has fallen in East Texas section since Sept. 11, when .22 inch fell.

Corsicana reported grain planting was behind by dry soil. Rain of .24 inch fell Oct. 22.

Dallas center of a rice and agricultural section, reported only .14 inch rain last month, whereas the normal for the last 50 years has been 2.71. The county agricultural agent said conditions were not good for rice planting.

Moisture also will be needed soon to prepare the soil for next year's planting, he said.

Houston fared better, reporting 1.83 inches of rain last month, about half of normal.

Fall Drought Over
Midwestern Area
WASHINGTON, Nov. 2.—(P)—The Austin news outlet said today "one of the most severe and widespread fall droughts of record" has developed in a wide midwestern area, extending from the Appalachian to the Rocky Mountains.

The bureau's weekly bulletin said drought conditions were having a severe effect on the winter wheat crop, except in eastern Nebraska, and in the Texas Panhandle, early seeded wheat was said to be at a standstill, while late planted grain was reported to be deteriorating.

There is a general need of rain which has become urgent in many places, it added. The bulletin said in the midwestern section, where the whole of October was one of the driest, if not the driest month recorded.

The only midwestern sections not affected were Eastern Nebraska, Southern Minnesota, Northern Iowa, much of Wisconsin, Eastern New Mexico and the Texas Panhandle.

In Kansas, the nation's major wheat producing state, the grain crop was said to be in fair condition.

AUSTIN COUNTY IN
TRIBUTE THURSDAY
STEPHEN F. AUSTIN

BELLEVILLE, Tex., Nov. 3.—(P)—Austin county home of Stephen F. Austin, the "Father of Texas," paid tribute to the great colonizer today.

Observing the birthday of the Texas patriot, Governor James V. Allred headed a program climaxed with the unveiling of a \$14,000 statue of Austin at San Felipe de Austin, home of the man who helped guide the Lone Star state through its most troublesome times.

Governor Allred was scheduled to deliver the principal address with Mrs. Ber Moore of Houston, a distant niece of Austin, unveiling the statue.

The statue was erected by the State Board of Control with Centennial funds. Its unveiling today is on the occasion of Austin's birthday.

Observed Over Texas.
AUSTIN, Nov. 3.—(P)—Schools and patriotic organizations today observed the 145th birthday anniversary of Stephen F. Austin, Texas colonizer.

The capital, the Stephen F. Austin and William B. Travis chapters, Daughters of the Republic of Texas, scheduled their annual luncheon with Dr. Walter W. Webb, Austin's history professor of the University of Texas, as the principal speaker.

Press Search For Ex-Convict Result Death of Doctor

SAN ANTONIO, Nov. 3.—(P)—Officers pressed their search today for a paroled Kansas convict, wanted in connection with the investigation of the mysterious death of Dr. David H. Carson, Kerrville physician.

Dr. Carson, who had been missing for 24 hours, was found with a bullet wound in the head three miles from here. The body was in a car equipped with a pistol lay at his feet.

World Supply of Cotton Placed At 51,400,000 Bales

WASHINGTON, Nov. 1.—(P)—The bureau of agricultural economics estimated today the 1938-39 world supply of commercial cotton would be about 51,400,000 bales, a new high for the third consecutive year.

This is 1,500,000 bales larger than the 1937-38 supply and 11,500,000 bales above the ten-year average.

In its annual cotton outlook report, the bureau said the world supply of American cotton would be about 26,700,000 bales—half the world supply.

Reporting a prospective decline in foreign production, the bureau said, the foreign supply is now 40 per cent above the ten-year average.

The bureau predicted that if American acreage next year is about the same as in 1938, a crop approximating 10,300,000 bales may be expected.

Man Free Nineteen Years Is Returned Louisiana Prison

BLITHEVILLE, Ark., Nov. 3.—(P)—Lee Atwell, 43 who for 19 years lived quietly as a tenant farmer in the Kelser community near here, waited in the Mississippi county jail today for Louisiana authorities to return him to the Angola, Ala., state prison from which he escaped in 1919.

Deputy Sheriff John F. Reinmiller Atwell on a confidential tip, said the farmer had agreed to waive extradition and Louisiana officers were expected here today or tomorrow.

Atwell told us he was sentenced to from three to five years for stealing a mule and had served a little more than seven months of the sentence when he escaped, Reinmiller said.

WORK RESUMED IN TOBACCO PLANT IN MIDDLETOWN, OHIO

TROOPS PROTECT REOPENING OF P. LORILLARD COMPANY INSTITUTION

MIDDLETOWN, O., Nov. 3.—(P)—Under the protection of troops ordered here by CIO-baiting Gov. Martin L. Davey, the P. Lorillard Co. tobacco plant resumed operations today.

Closed since Oct. 3 by a committee for Industrial Organization strike one shift of approximately 500 workers entered the plant at 8 a. m. without interference. The plant employs 1,100.

Five hundred guardsmen were ordered here by Davey after City officials warned that reopening of the plant while the strike was in progress might result in rioting and bloodshed.

The Pioneer Tobacco Workers union, which struck Oct. 3 for a closed shop and the checkoff, agreed shortly before midnight to end the dispute and return to work.

I. O. Organizer Sam Sponseller said the vote was 537 to 1. The plant is scheduled to reopen today.

As troops were en route from Columbus, Paul W. Fuller and John Owens, regional C.I.O. directors, urged the strikers to return to their jobs "in orderly fashion."

MORE TIME GIVEN TAXI OPERATORS TO SECURE INSURANCE

ROUTINE BUSINESS OCCUPIED CITY COMMISSION
REMAINDER SESSION

Extensive discussion of several phases of the operations of taxis in Corsicana occupied the members of the city commission for the greater part of their regular November meeting Tuesday afternoon and finally resulted in an extension of the time allowance on securing insurance. Car operators were told that while changes were anticipated in the ordinance regulating them that insurance would be required and they should go ahead and get it.

Mayor J. S. Murchison presided at the session with Commissioners N. F. Garrett and Fred D. Prince answering to roll call. Minutes of the last session were read and approved.

Reports of Officers.
Reports of officers for October were received and ordered filed as follows:

Tax assessor and collector: Current ad valorem \$6,421.88, miscellaneous occupation \$18.50, delinquent ad valorem \$2,624.99, get total \$9,065.37.
Water collector's receipts: \$9,045.31.
Sanitary collector's receipts: \$180.50.

Sexton: Lots sold \$10; graves dug \$157.50.
Recorder of the corporation court: Total of \$420 in fines and costs in 107 cases.

Chief of police: Total fines and costs \$420; collected \$414; worked \$6.

Sanitary engineer: Milk analyses 15; city water and sewage analyses 24; water analyses outside city 17; inspections 15; health certificates recorded 9.

Under street and sanitary department affairs, City Engineer W. J. Mowman reported most of the dirt streets were in fair condition but that it was too dry for any grading on them now. He said that considerable patching was under way on paved streets.

He also reported partial completion of plans on proposed cemetery improvements; he added that most of his time had been devoted to the completion of the Third Avenue improvement plans. He asked for necessary assistance in completing the project and was told by the mayor that the commission would ratify the matter.

It was also reported to the commission that some warning signs would be placed on highway 75 at a crossing greatly used by school children, and there was a good chance to secure some signal lights at needed points along the highway.

Commissioner Garrett reported plenty of trouble and breaks in the water and lights department but said his forces had been able to keep up with the work.

Affairs in the police and fire departments were reported satisfactory by Commissioner Prince.

Monthly Bills Approved.
Under the heading of financial affairs, monthly bills amounting to \$2,862.47 were approved, and warrants ordered drawn in payment divided as follows: General fund administrative department \$59.18; sanitary department \$326.40; park department \$52.77; street light department \$207.16; police department \$81.56; fire department \$42.10; street fund \$347.20; water fund \$1,158.83; cemetery fund \$138.78.

An application for a franchise to operate all taxis in Corsicana was filed in behalf of the City Taxi Company of Corsicana by R. E. Irvine, guaranteeing cars, drivers, and protection to property and passengers. The application was referred to the ordinance committee without discussion.

At this time, the matter of taxi insurance was taken up by the commission. Two operators reported applications made for the insurance which they could secure in 24 hours, another willing to secure it if possible, and a third who filed a policy covering three cars.

The mayor began a discussion

Houston Couple Found Slain In Home Thursday

HOUSTON, Nov. 3.—(AP)—Andres Estrada, 64, and his wife, Mrs. Juanita Estrada, 44, were found shot to death in their home today.

A verdict of murder and suicide in the couple's death was returned.

Mary Louise Trevano, 19, daughter of Mrs. Estrada, said her mother and stepfather had quarreled.

Chapman Case Recalls Texas Controversy

AUSTIN, Nov. 1.—(AP)—A "confession" by Charley Chapman, desperado who barely eluded capture near Philadelphia, Miss., last night, is the issue in a long-term controversy over whether Texas is holding two innocent men in prison.

Chapman told federal officers in 1936 that he and a companion robbed the First National Bank at Atlanta, Texas, June 6, 1934, and Ovid Mathis and I. L. "Doc" Sutherland, assessed long sentences for the crime were innocent.

The confession precipitated an exhaustive investigation by both federal and state authorities which now has been virtually completed. The two men, meanwhile, continue serving time on their terms of 30 and 50 years respectively.

Two members of the state pardon board concluded Mathis and Sutherland were innocent and should be set free. Bruce W. Bryant, board chairman, vigorously dissented, contending the confession was untrue and Chapman made it because he hoped to go to federal instead of a state prison.

Governor James V. Allred, who has the final say, detailed a special investigator to the state capital and may reach a decision before the end of the week.

More Freedom Planned.

SEATTLE, Nov. 3.—(AP)—Rear Admiral Sirozo Yamamoto of the Imperial Japanese Navy retired, told interviewers here today he believed Japan would allow China more freedom than it gave the State of Manchoukuo.

Admiral Yamamoto, the emperor's French language instructor and, until last year, writer of the emperor's private journals, is a leader of Japan's 300,000 Catholics and is enroute home, from an audience with Pope Pius.

L. K. Carraway With Paul and Middleton

L. K. Carraway has become associated with the Paul and Middleton Insurance agency, it was announced Thursday by F. C. Paul, manager. Mr. Carraway assumed his new duties on the first of November.

Prior to going with Paul and Middleton, Mr. Carraway had been connected with the Corsicana Steam Laundry for 15 years.

of the present ordinance governing issuance of taxi permits and under the heading of financial affairs, monthly bills amounting to \$2,862.47 were approved, and warrants ordered drawn in payment divided as follows: General fund administrative department \$59.18; sanitary department \$326.40; park department \$52.77; street light department \$207.16; police department \$81.56; fire department \$42.10; street fund \$347.20; water fund \$1,158.83; cemetery fund \$138.78.

An application for a franchise to operate all taxis in Corsicana was filed in behalf of the City Taxi Company of Corsicana by R. E. Irvine, guaranteeing cars, drivers, and protection to property and passengers. The application was referred to the ordinance committee without discussion.

At this time, the matter of taxi insurance was taken up by the commission. Two operators reported applications made for the insurance which they could secure in 24 hours, another willing to secure it if possible, and a third who filed a policy covering three cars.

CHARLEY CHAPMAN, SOUTHWESTERN BAD MAN, MAY BE DEAD

OTHER OFFICERS, HOWEVER,
BELIEVED DESPERADO HAS
HAS ESCAPED NET

PHILADELPHIA, Miss.,
Nov. 1.—(AP)—Major Murphy Roden of the Louisiana state police said today he believed Charley Chapman, notorious southwest desperado, who exchanged gunfire with officers near here

last night, was dead. Chapman was found dead in the woods near here, he said. Chapman was a well-known desperado who had been in the Louisiana state prison in Texas July 8, 1937. He was serving combined sentences of 85 years for bank robbery and kidnapping at the time.

By The Associated Press.
Charles Chapman, Arkansas and Texas "depression bandit," scrawled his name in bold letters across police records of the Southwest after sudden economic reverses toppled into ruin an apparently profitable legitimate business career.

Chapman was 31 years old when he sought to extend his highway contracting activities from South Arkansas to Florida. A well-to-do citizen of El Dorado, Ark., prior to that time, he had built a number of roads in that section and was highly regarded by business leaders.

In Florida a combination of inexperience in building through swamp lands and the world economic depression virtually wiped out his contracting business. There, in April, 1931, he was out of the law for the first time.

Records of the Arkansas state police and federal bureau of identification show that on that date Chapman was arrested at Miami, Fla., on charges of carrying concealed weapons and hijacking. He was turned over to county authorities where the charges were renewed to assault with intent to kidnap and Chapman was released on bond. The case was passed several times and nolle prossed in 1933.

Chapman apparently left Florida after that time and was arrested in Ventnor City, N. J., on Aug. 30, 1931, on a charge of highway robbery. He was turned over to the sheriff's office at Atlantic City, N. J., brought to trial and acquitted on Oct. 3, 1931.

Returns to Southwest.
The former contractor then returned to his old haunts in the Southwest. On July 2, 1932, he was arrested at Muskogee, Okla., on a charge of robbing a bank at Minden, La. Returned to Minden, Chapman was held, convicted and sentenced to from 10 to 14 years in the Louisiana state penitentiary. He was transferred to the county jail at Shreveport and escaped from there Dec. 5, 1932.

LANDON AND FARLEY DISAGREE OVER WHAT NEW DEAL MEANS TO FUTURE BUSINESS IMPROVEMENT

By the Associated Press.
Democratic Chairman James A. Farley and Alf M. Landon, 1938 republican presidential nominee, were in disagreement today over the relation of new deal policies to business improvement.

Landon told a political rally last night at Bartlesville, Okla., that election of republican congressmen and governors next Tuesday would mean "an important step in leading the way back to economic improvement."

Continued experimentation with the nation's finances, he said, is "the one thing that is holding back prosperity."

Farley, on the other hand, said in an endorsement of the California democratic ticket that business is better everywhere, constituting "a complete answer to the woeful prophecies of those who are attempting to discourage the new deal."

Farley's speeches, starting a heavy week of campaigning by both major parties, shared attention with criticism by Secretary Wallace of Thomas E. Dewey, republican candidate for governor of New York.

A statement by Wallace asserted Dewey had not told the whole truth to a Birmingham, N. Y., audience last Friday in saying income had not risen in New York as much as in the remainder of the country. Dewey failed to mention, Wallace said, that farm income in the state had not fallen.

GRANARIES THROUGHOUT FARM BELT UNUSUALLY FULL OF CORN AS GOVERNMENT LOANS ARE DUE

CHICAGO, Nov. 1.—(AP)—Granaries throughout the farm belt were unusually full of corn today as government loans to 40,000 farmers on almost 48,000,000 bushels fell due.

Visible supplies at terminal centers increased 7,948,000 bushels last week as old and new corn poured into the principal markets. Heavy marketing of old and new corn at the same time is unusual in the grain trade. The total U. S. visible supply of 24,674,000 bushels, while not large in comparison with country stocks, was 600 per cent greater than a year ago and the largest for the date since 1934.

Country elevator stocks, bulged with corn and farmers throughout the belt hastened construction of new cribs. Lumber dealers reported brisk demand for materials. Corn is selling in Chicago at approximately 45 cents, near the lowest price level in almost five years. The latest figures on old corn supplies on farms showed approximately 350,000,000 bushels of 1937 crop grain has not been fed or marketed. The amount on loans was scarcely 14 per cent of this total. A year ago old stocks on farms totaled only 60,000,000 bushels. The 1938 supply is double that of the average in any of the past ten years.

Uncle Sam is owner of part of the old corn now crowding storage and transportation facilities. How much has been defaulted on loans, however, could not be determined. The Commodity Credit Corporation expects to sell some corn back to farmers for feeding, to distribute some in relief channels and to store some for normal merchandising later. Corn not turned over to the government for shipment may be fed or resold on new loans at 57 cents a bushel, seven cents over the old rate. The government expects to lend money on possibly as much as 300,000,000 bushels of 1938 corn.

CORSICANA BENGALS LEFT FOR CORPUS CHRISTI THURSDAY A. M.

Corsicana Tiger football squad left Thursday morning at 10 o'clock for Corpus Christi where they will meet the favored Corpus Christi Buccaneers Friday night at 8 o'clock. This will be a non-conference engagement.

The Bengal trip will return to Corsicana Saturday. The journey to Corpus Christi is the longest trip on the Bengals' schedule this season. The Bucs played the Temple Wildcats at a scoreless tie in an early-season clash.

Corsicana will meet Temple at Temple next Friday afternoon.

State Home goes to Groesbeck and I. O. O. F. Home goes to Teague Friday night for important District 15-B games. The two Corsicana clubs are leading the district race at the present time.

Corsicana Junior High Panthers are slated to invade Streetman Thursday afternoon if weather conditions permit.

Higher Wool Prices Are Expected Come During Next Year

WASHINGTON, Nov. 3.—(AP)—The agriculture department forecast today better business next year would bring higher wool prices and increased demand for slaughter lambs.

Another factor expected to strengthen wool prices was a prospective smaller surplus at the end of the marketing season April 1.

The department said wool imports probably would continue light.

"Although mill consumption in the early months of 1939 probably will be larger than a year earlier, imports on apparel wool in the first half of 1939 are expected to be fairly small because of the relatively large stocks of wool on hand in the United States," it said.

The department added the number of yearling lambs to be marketed next spring and summer would be as large or larger than the number marketed last spring and summer.

Hole Torn Bottom Of Clipper Ship

SAN JUAN, P. R., Nov. 3.—(AP)—A hole was torn in the bottom of a southbound passenger clipper plane by a submerged rock in the harbor of St. Thomas, Virgin Islands, today when the ship attempted a regular landing, but the pilot swiftly returned here without injury to his five passengers, including two children.

Pilot S. P. Crago lifted the S-43 type Pan-American Airways clipper into the air before water flowed into the ship. The passengers donned life belts as a precaution during the short return flight to San Juan, whence the plane took off earlier in the morning.

The extent of the damage was undetermined.
